Dear Karen, Mike

## **CHIEF OFFICER PAY 2018-20**

When you and your colleagues met with Lead Members on 30 May, the employers undertook to reflect and take further soundings in light of the discussion between the two Sides.

As such, the National Employers are now able to make the following revised final pay offer that we hope can prove to be the basis for an agreement:

**From 1 April 2018:** 2.0% on basic salary<sup>1</sup>

**From 1 April 2019:** 2.0% on basic salary<sup>1</sup>

The non-pay element of the offer made previously to open discussions with you regarding your request that we "*cooperate on a joint survey on the levels of stress, workload pressures and unpaid overtime being experienced by Chief Officers*" still stands.

I look forward to hearing from you.

Yours sincerely,

*Simon Pannell*
