Risks to Apprenticeships in Local Government from COVID-19

Risk	Ask of Government
Levy funds councils planned to spend may expire due to breaks in learning	Temporary freeze on expiry dates of levy funds
Councils continue to pay into Levy at a time they can't realistically spend the funds	Temporary freeze in collection of levy payments
Switch off of Frameworks happens before last planned cohorts of apprentices are able to start	Postpone the switch off of Frameworks for six months
Training Providers facing cashflow problems due to uncertainty of funding and pauses in apprenticeship training	Guarantee committed funding as much as possible for training providers and provide further clarification and guidance on their options to continue trading during a period of reduced apprenticeship activity
Apprentices come to the end of their fixed-term contracts before a resumption in learning allows them to complete their apprenticeship	Clarity on what support is available from government to help councils in this scenario
